

FREIXENET

0,0% LOW CALORIE ROSÉ ALCOHOL FREE SPARKLING

Product description

The result of several years of technical research, oenological trials, and market analysis, Freixenet Sparkling Rosé 0.0 % represents the brand's commitment to innovation and quality in the alcohol-free beverage segment.

This sparkling wine is distinguished by its freshness, balance, and carefully crafted aromatic profile, designed for those who wish to enjoy Freixenet's signature effervescence without alcohol.

In its latest evolution, the sugar content has been reduced from 54 g to 38 g, resulting in a lighter option with fewer calories and fully suitable for vegans, reaffirming the brand's dedication to meeting the new demands of today's consumers.

Winemaking process

After evaluating different dealcoholisation methods, we chose one of the most efficient: a low-temperature vacuum distillation process that preserves the wine's original characteristics intact.

Coupage

A cuvée made from selected classic grape varieties from traditional winemaking regions.

Tasting note

It displays an attractive pale rosé colour with persistent bubbles.

On the nose, it reveals aromas of wild red berries such as raspberries and strawberries, interwoven with floral notes and tropical fruits.

On the palate, it is delightfully fruity, fresh, and smooth, showcasing the quality of the grapes. Its well-balanced acidity and medium-sized bubbles deliver a crisp, refreshing mouthfeel.

Food pairings

Freixenet Alcohol Free Sparkling Rosé 0.0% pairs perfectly with a wide range of culinary options, especially light appetizers such as salmon canapés or Caprese skewers. Thanks to its freshness and delicate floral profile, it also makes an ideal companion for spinach and strawberry salad or oven-baked prawns.

Analysis

Alcohol: <0,05% vol.

Sugar: 38 g/l
